## Federal Education Assistance

### ISSUE

The Department of Education, school districts, area education agencies, community colleges, Regents institutions, Department of Corrections, and Department of Human Services hospitals and schools in Iowa receive in excess of \$170.0 million per year in federal education assistance for K-12, vocational education, and adult education programs. Funds are provided through over 30 programs administered by the U.S. Departments of Agriculture, Education, Health and Human Services, Labor, and Veterans Affairs. The authorization period for many of the federal education programs is nearing expiration.

One major piece of legislation currently being debated in Congress is reauthorization of the Elementary and Secondary Education Act (ESEA). Programs authorized by the existing legislation provide approximately \$70.0 million per year for K-12 education initiatives in Iowa. The proposed legislation presents two possible problems for Iowa. First, FY 2000 – 2001 budget targets that have been set by Congress will reduce funding by 10.0% from current levels. Second, proposals to base funding allocations more on population and poverty levels will likely cause Iowa's share of funds to decrease. Currently, Iowa benefits from a "hold harmless" provision in the existing legislation. According to the Department of Education, Congressional support for continuation of this provision is weak.

Other issues addressed in the *Issue Review* are: (1) State and local match requirements, (2) the bases for allocation of federal funds, and (3) the relative distribution of federal funds among Iowa's education service providers.

### AFFECTED AGENCIES

Iowa Department of Education  
School Districts, i.e., Local Education Agencies (LEAs)  
Area Education Agencies (AEAs)  
Community Colleges  
Regents Institutions  
Iowa Department of Human Services  
Iowa Department of Corrections

### CODE AUTHORITY

Chapter 283.1, Code of Iowa

**BACKGROUND**

During Fiscal Year 1998, school districts, area education agencies, community colleges, Regents institutions, the Department of Corrections, and the Department of Human Services received \$172.3 million in federal education assistance. School districts received the majority of the funding (70.5%), followed by area education agencies (23.1%), community colleges (5.2%), and Regents, Human Services, and Corrections programs (1.1%).

**Table 1**

Percent of Total		70.5%	23.1%	5.2%	1.1%		

As shown in **Table 1**, funds were provided from 16 program categories. The largest amount of funds were provided under the auspices of the Elementary and Secondary Education Act (ESEA) – Title I programs that support efforts to raise achievement levels of low-performing students from school districts located in areas with high concentrations of low income households. Iowa received \$51.8 million in Title I funds during FY 1998, which accounted for 30.0% of the State total. The second largest amount of funds was provided by the U.S. Department of Agriculture Food and Nutrition Programs. The six programs from which Iowa received \$50.9 million are the National School Lunch Program, the School Breakfast Program, the Special Milk Program, the After School Care Snack Program, the Summer Food Service Program, and the Child and Adult Care Food Program. This amount represents 29.6% of total State assistance. Special Education Programs authorized by the Individuals with Disabilities Education Act (IDEA) provided \$36.6 million in aid to Iowa and accounted for 21.2% of total State federal education assistance during FY 1998. No other program accounted for more than 6.5% of the State total.

**CURRENT SITUATION**

The most recent year for which Federal program allocations by receiving entity are available is FY 1998. A table showing program allocations by school district, area education agency, community college, Regents institution, Department of Correction facilities, and Department of Human Services facilities is provided in **Attachment 1**.

Focusing on the three major program categories, which account for \$139.3 million (80.8 %) of the FY 1998 total, one can obtain a sense of the importance of federal funds to Iowa education service providers. First, local school districts received \$51.5 million in Title I funds. The average amount received per pupil was \$102.56, which equaled 2.6% of the State cost per pupil that year. Second, school districts received \$50.2 million in food and nutrition aid. This program provided an average of \$99.85 per pupil, which also equaled approximately 2.6% of the State cost per pupil for FY 1998. Third, area education agencies received \$36.0 million for special education programs, which averaged \$71.55 per K-12 pupil. In comparison, area education agencies received \$96.3 million, or \$191.62 per pupil, through the State school aid foundation formula for special education services they provided.

To provide a more complete picture of the full range of federal education assistance received by Iowa, the Department of Education was requested to compile a brief profile for each program. The information provided includes:

- The funding department
- The amount of funds received during FY 1999
- The amount of any State match required
- The authorization period for the program
- The method used to allocate funds by the federal government to the states
- The method use to allocate funds within Iowa
- A brief program description
- Primary recipients of the federal assistance

The information compiled by the Department of Education covers 37 programs. A copy of the program profiles may be obtained by contacting the Legislative Fiscal Bureau. A summary of the compiled information is provided in **Attachment 2**.

Only two program categories require a State match, the food and nutrition programs (\$2.700 million) and the Carl D. Perkins Vocational Technical program (\$0.554 million). Most federal program funds are allocated by formula (\$186.045 million), but approximately 9.0% (\$19.880 million) were received based on state set aside amounts. All of the programs will require reauthorization by September 30, 2003. The major programs that expire this federal fiscal year (September 30, 1999) are: Individuals with Disabilities Education Act, Part B - Special Education, (\$43.6 million) and Carl D. Perkins Vocational Technical Act (\$11.9 million). Several other programs were originally scheduled to expire this fiscal year, but their authorization period was extended to September 30, 2000, by the General Education Provisions Act.

## **BUDGET IMPACT**

There are two federal programs under which Iowa may see assistance levels reduced from current amounts. If the "hold harmless" provision for Title I funds is eliminated, Iowa could experience as much as a 40.0% decline in program funds. This would amount to about \$20.0 million per year. Second, Iowa received \$9.4 million for class size reduction efforts for FY 2000. No funding has been provided beyond the first year of this initiative.
